EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christopher J. Chan on December 2, 2005.

The application has been amended as follows:

In Claim 1, line 13: following "modulated ultrasound energy", insert --and electromagnetic energy--.

In Claim 1, line 15: following "selectively positioned", insert --in different orientations with respect to the ultrasonic transducer--.

In Claim 1, line 15: delete "modulated" and insert --modulation of the--.

In Claim 9, line 13: following "modulated ultrasound energy", insert --and electromagnetic energy--.

In Claim 9, line 15: following "positioned", insert --in different orientations with respect to the ultrasonic transducer--.

In Claim 9, line 15: delete "modulated"; and insert --modulation of the--.

In Claim 19, line 13: following "electromagnetic coil", insert --in different orientations with respect to the ultrasonic transducer--.

In Claim 24, line 9: following "electromagnetic field", insert --in different orientations with respect to the ultrasound generating means--.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest varying the modulation of the ultrasonic energy by positioning the electromagnetic coil in different orientations with respect to the ultrasound transducer. Edrich et al. (U.S. Patent No. 5,476,438) does teach applying ultrasonic therapy and electromagnetic therapy in combination to a region of tissue to produce focused stimulation, but the electromagnetic coil is not positioned with different orientations in order to vary the modulation of the ultrasonic energy.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Julianne M. Sullivan whose telephone number is 571-272-6084. The examiner can normally be reached on Monday through Friday 8:00am to 4:30pm.
